

Oral Presentation Review Scoring Guide

Beyond the Limits

1. What is the problem faced by the main character?

Stacy Allen wanted to be the first woman to climb Mt. Everest. Problems with severe winds stopped her team from completing the climb.

2. How did the main character solve this problem?

The team considers all of the alternatives and finally decides to turn back.

3. Why did the main character make this decision?

The team valued human life; they decided not to risk the safety of any team member.

4. What were the effects of that decision?

Everyone on the team survived – but none of the team members reached the summit.

5. Was this solution effective?

Answers will vary.

6. What choice would you have made?

Answers will vary.

7. How would other people in the same time and society have viewed your choice?

Answers will vary.
